Plaints, containing full particulars, must be filed at my office as follows:—

Where the sum sued for exceeds £10, or the defendant resides more than fifteen miles from Launceston, on or before Wednesday, the 10th day of May instant.

And where the sum sued for does not exceed £10, and the defendant resides within fifteen miles, on or before Saturday, the 20th day of May instant.

Dated this 28th day of April, 1843. M. KENNEDY, Registrar.

PROSPECTUS by the committee of the Launceston Mechanics' Institute, for raising funds by shares for the erection of a BUILDING suitable as a LECTURE-ROOM, Library, Museum, and place of deposit for apparatus, models and other purposes required by the LAUNCESTON MECHANICS' INSTITUTE; also as a HALL suitable for public meetings, assemblies, or entertainments; restricted to no class, sect or body whatsoever.

1. The committee of the Launceston Mechanics' Institute, seeing that at no distant period they will be compelled, by unavoidable circumstances, to look out for another place wherein their lectures might be delivered, their library and mechanical apparatus deposited, and their public and committee meetings held, have judged it expedient to consider the best mode of providing in time against this contingency; by purchasing or building an edifice suitable for the purposes of the Mechanics' Institute, and at the same time providing a hall for other public meetings; the want of which is so much felt in Launceston.

2. The committee therefore propose to raise the sum of £1000 in one thousand shares of twenty shillings value each: one shilling per share to be paid on subscribing, the first instalment of four shillings per share to be paid on the 1st of May next, and the remainder in quarterly instalments of five shillings per share, payable on the 1st of August, 1st of November, and 1st of February following.

3. The money so raised to be vested in twelve trustees, to be elected annually by the shareholders; two-thirds of whom to be members of the Mechanics' Institute: the said trustees to form the board of management.

4. That every shareholder omitting to pay an instalment longer than one month after the same becomes due, to forfeit such share, unless the said omission can be justified to the satisfaction of the trustees.

5. The committee of the Mechanics' Institute to pay to the trustees of the building an annual rent of at least five per cent. on the amount subscribed for; and the trustees to be empowered to let the hall for the further benefit of the shareholders, when not occupied or required by the Institute.

6. That any shareholder wishing to dispose of his shares shall first offer them for one month to the trustees of the Mechanics' Institute; and at the expiration of five years they (the trustees) shall have the power of purchasing the whole of the remaining shares, at par.

7. That, if the said building be not commenced within twelve months, monies paid on each share shall be repaid to the shareholders.

8. When the share lists are filled up, a set of rules, in conformity with this prospectus, to be presented at a general meeting of the shareholders for their approval.

9. The share lists to lie at all the banks and public offices.
