From this it is found that the business done during the last year is larger than that of any preceding year, and that 613 Policies were effected yielding Annual Premiums to the extent of £10,527.

This society is the only one possessing Tables for the Assurance of Diseased Lives. The premium charged in such cases is reduced to ordinary rates, on restoration to permanent health.

Healthy Lives assured at lower rates than at most other offices.

A Reversionary Bonus was added to the policies at last Division of Profits, equal to about 50 per cent. on the premiums paid.

The Policies issued by this Society give greater facilities to parties going to, or residing in Foreign Climates than those of any other Company. Premiums for India and the Colonies very moderate.

Prospectuses, Forms of Proposal, and every other information may be obtained of the Secretary, at the Chief Office, or on application to any of the Society's Agents in the country.

IMPORTANT TO THE STUDIOUS.

"I wish to make known the benefits I have derived from 'Moat's Pills.' I have for many years been subject to severe headaches, preventing that application to my professional labours which, as an engraver and lithographer, is necessary. These attacks often affected my sight, making it imperative to seek relief. This relief I now get from 'Moat's Pills,' which are the most efficient and pleasant aperient medicines that I have ever used.—THOMAS SKILL.

"19, Wych-street, Strand, April 10, 1852."

MOAT'S VEGETABLE PILLS;

made by W. C. MOAT, Member of the Royal College of Surgeons of England, and Apothecary, 344, Strand, formerly partner with the late "MR. MORISON, the Hygeist, British College of Health,"—a remedy for the great majority of Diseases, often effecting remarkable restorations to health.

Mr. MOAT'S PILLS will be found to possess no objectionable qualities, and are confidently recommended as a most useful Family Medicine, combining the finest tonic properties with those of a mild and safe aperient.

The common experience of mankind teaches that the daily health depends in a great degree on the regularity of the alvine evacuations.

Crowded cities and monotonous employments give rise to various ailments such as stomach, liver, and bowel disorders, the frequent occurrences of which renders it necessary to have a reliable medicine adapted for general use.

Mr. MOAT'S PILLS fulfil this requirement. They are of one sort only, and do not necessitate absence from business. Mr. MOAT recommends them as the best form of tonic and aperient medicine to be taken generally where the services of a medical adviser are not felt to be requisite.

For the administering to children Mr. MOAT makes smaller pills, coated with sugar.

MOAT'S PILLS are applicable in the following Diseases:—Indigestion—Heartburn—Sickness of the stomach—Vomiting—Overflow of Bile—Gripes—Flatulency—Costiveness—Piles—Sick Headache—Nervous affections—Lowness of Spirits—Sore Throat—Catarrh—Asthma—Dropsy.

Sold, with directions for use, in boxes at 1s. 1½d., 2s. 9d., 4s. 6d., and 11s., by the proprietor, at 344, Strand, and by most Vendors of Medicine throughout Great Britain and the Colonies.

The Medicines are also sold with directions printed in Welsh, German, French, Spanish and Dutch.

THE ROAD TO HEALTH!—HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirkus, Chemist, 7, Prescott-street, Liverpool, dated, 6th June, 1851.

To Professor HOLLOWAY,

SIR,—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any inquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver and bad digestion. On the last occasion, however, the virulence of the attack was so alarming, and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it; fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and although she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above, from the severity of the attack, and the speedy cure, I think, speaks much in favour of your astonishing Pills.

(Signed) R. W. KIRKUS.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMEN'S LAND.

Copy of a Letter inserted in the "Hobart Town Courier," of the 1st March, 1851, by Major J. Walch.

Margaret M'Connigan, nineteen years of age, residing at New Town, had been suffering from a violent rheumatic fever for upwards of two months, which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon her to try Holloways' celebrated Pills, which she consented to do, and in an incredible short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thew and Son, Proprietors of the "Lynn Advertiser," who can vouch for the following statement.—August 2nd, 1851.

To Professor HOLLOWAY,

SIR,—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath, that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now rendered, by their means, comparatively active, and can take exercise without inconvenience or pain, which I could not do before.

(Signed)

HENRY COE, North-street, Lynn, Norfolk.
