ANDP Group titles in use	9

Summary

This list contains all titles currently selected for inclusion in the Australian Newspapers Digitisation Program, consisting of over 130 titles containing approximately 4.5 million newspaper pages. Titles included in this list may change as the program progresses. These changes may include titles being removed from the list, additional titles being added or changes to the date range being digitised. It is anticipated that these titles will be progressively processed and made available via the Digitised Newspapers and more view of Trove <http://trove.nla.gov.au/newspaper> through until July 2011.

Selected Titles – by State

Titles marked with an * belong to a group title¹. The group title is provided in brackets below the title. Titles with two separate entries qualified by date indicate when a title ceased publication or changed name. These will appear separately in the Trove newspapers view, for example, The Advertiser, Cairns Post.
