#### Freedom of Information Procedures and Initial Contacts

A request for access to documents in the possession of the Library is subject to the regulatory application fee of \$30.

Applicants seeking access under the *Freedom of Information Act 1982* should forward the \$30 application fee with a written request, providing an address to which responses may be sent, to:

The FOI Coordinator  
Accountability and Reform Branch  
National Library of Australia  
CANBERRA ACT 2600  
Email: [foi@nla.gov.au](mailto:foi@nla.gov.au)

FOI Coordination is available between 9.00am and 5.00pm from Monday to Friday and can be contacted by telephone on (02) 6262 1798 or by fax on (02) 6257 1703. Provided access is approved and the relevant fees have been received, the Library will provide copies of documents requested. Arrangements may be made for examination of documents to which access is granted in that form.

If an applicant is dissatisfied with a decision made under the *Freedom of Information Act 1982* they may apply to the Director-General for an internal review. A request to review a decision is subject to a regulatory application fee of \$40.

If access is approved, the Library will provide such access on receipt of payment for any charges that apply.

Library staff exercise decision-making powers under the *National Library Act 1960*.

Among other documents held by the Library are minutes, reports and submissions associated with internal and external committees, general correspondence relating to the activities and functions of the organisation, and administrative documents such as management, staffing, finance and personnel records. Many of the publications described are available on the Library's website.

### Staff Training

The focus of staff training has been on priority areas identified in the Library's Strategic Workforce Plan which is discussed in Chapter 2 of this report. Targets for these strategic training initiatives were monitored through the Workforce Planning Committee and the following results were achieved.

**Table G.4 Strategic training initiatives, 2006–2007**

Training initiative	Number of staff trained
Team Work Skills	152
Mentoring Skills	19
Occupational Health and Safety for Supervisors	77
Senior Leaders Seminar	24

The Library's Performance Management System encourages identification of development needs and opportunities through individual performance development plans. Training requests were registered through these plans, and staff who nominated training needs were offered development opportunities through a range of avenues, including internal and external training providers, on-the-job training, placements and seminars. Training was provided to 445 staff and covered such areas as scanning and

web publishing applications, reference search techniques, various aspects of cataloguing, collection disaster awareness, office IT applications, fraud awareness, writing skills, project management and the Library's induction program.

Our commitments under occupational health and safety legislation were met through training in implementing occupational health and safety responsibilities, ergonomic awareness, manual handling, fire warden roles and disaster awareness. Staff receive general ergonomic advice and occupational health and safety information at induction, and 15 staff were either newly trained or renewed their qualifications in first aid officer training.

The combined outlay on training and development was \$318 247.
