

NATIONAL  
LIBRARY  
OF AUSTRALIA

**REQUEST FOR TENDER NO. RFT C002342**

**RFT for Stockpicker / Orderpicker and associated equipment**

**Addendum No. 07 – 5 April 2024**

1. The following notification is provided to all Tenderers for clarification.

01	<p><b>Clarification:</b> As per Addendum 03 (dated 05 March 2024), the Library is advising all prospective Tenderers of the expected aisle width and height for the extension (the RFT closing date has been amended to allow for this). The Library provides the following as clarification in relation to proposed shelving design and weight limits.</p> <p><b>Answer:</b></p> <p><b>Shelving Design</b> – based on preliminary designs, the shelving heights will be between 8320mm and 9125mm. Aisle widths between 1380mm and 1400mm.</p> <p><b>Weight Limits</b> – In line with Addendum 03, we would ask tenderers to provide details of the maximum load capacity relative to the height. As a guide, we would expect the machines would a minimum of 600kg lifting capacity, <u>excluding</u> the weight of any attachments (e.g. cages etc.).</p> <p>Tenderers should note that the load capacity requirement (item b.) as detailed in <b>Schedule 3.2</b> has been amended as follows:</p> <p><i>Tenderers must demonstrate their ability to meet the following essential requirements as a Condition for Participation:</i></p> <p><i>Each Tenderer must achieve a satisfactory standard in relation to the following:</i></p> <p><i>Comply with the requirements of AS2359 (or equivalent international standard) operating in 1,380mm aisle widths in the existing building and anticipated aisle widths of 1,440mm in the northern extension.</i></p> <p><i>Lift to a height of 7 meters for the existing building replacement machines and/or between 8320mm - 9125mm <b>retrieval</b> height for new northern extension machines.</i></p>
