Voyage au Pole sud et dans l'Océanie shows routes of the *Astrolabe* and the *Zélée* 1837–1840, under the command of Jules-Sébastien-César Dumont d'Urville (1790–1842), in search of the south magnetic pole and the ill-fated La Pérouse expedition. This beautiful atlas was repaired and conserved through a commemorative donation by friends of the late Vanessa Griffith.
