The first is Integrity. I'll be speaking about this more at our 4 August All Staff, but as senior leaders you do need to be doing all the reading, thinking and listening on this that you possibly can. Read the first chapter of the Royal Commission into Robodebt report. Familiarise yourself with the 54 recommendations and think about how we would think about those things

applying in our space. Listen to IPAA podcasts on integrity. Don't fall into the trap of thinking that integrity breaches are something that happens somewhere else.
